<u>**Senior Microsoft .NET Developer**</u>

About us

TGT Solutions Inc. is a premier Systems Integrator focused on helping organizations to "Profit Through Technology®". We have been in business since 1996 and we are a team of innovative professionals experiencing exponential growth. We are looking for Microsoft .net developers to join our team.

About you

You are passionate about what you do as well as having excellent verbal and written communication skills. You work well with others and you care about your deliverables and your clients.

Key Responsibilities

- Develop new (or augment existing) code or reports
- Open to learning new things
- Already Microsoft certified or willing to write exams to become certified quickly
- Demonstrate what you've developed.

Mandatory attributes

- Related University degree or College diploma
- Seven or more years of progressive experience in this field with some demonstrated leadership
- Flexibility (in solution approach, work location)

Technical Skillsets
- T-SQL and SQL Server
- Web applications with .NET and client-side scripting language such as JavaScript, JQuery, C#, VB and any other .NET language
- ASP .NET and MVC Development Platforms
- Database Management
- SSIS

Employment Type: Full-time

Location:

Other notes:

Only qualified candidates eligible to work in Canada will be considered for this position.
